### REQUISITION

On Gov. Durbin For Return of Fugitives.

Reported That He Will Refuse to Honor the Papers Issued By Our Governor.

Indianapolis, Ind., Sept. 30.—Arthur Goebel, of Cincinnati; Louis Wagner Arnett, of Covington; Mason H. Williams, chief of police of Frankfort, and Samuel Mills, of Indiana, arrived here Saturday and called on Gov. Durbin with a requisition from Gov. Beckham for W. S. Taylor and Charles Finley, charged with the murder of Gov. Wm. Goebel. Mills is a prominent Republican friend of Goebel's. Mills has been working on the present extradition case since last March, but this was unknown to any except his close friends.

Taylor and Finley were completely surprised by the movement. Both are in the city and are greatly exercised.

Gov. Durbin, of Indiana, announced to an intimate friend last night that he will to-day refuse to honor a requisition for the return to Kentucky of Taylor and Finley. Many Kentucky Republicans petitioned Gov. Durbin by wire to refuse to honor the requisition. It is presumed the alleged ground for refusal will be the alleged excited state of feeling existing in Kentucky.

### The Weather.

Louisville, Ky., Sept. 30.—(Special.)—Fair to night and Tuesday.

### FOUR-FIFTHS

Of Weed in Barn and Some Already Cured.

The farmers are still very busy cutting tobacco, but by the last of the present week all of the crop will be housed, provided the weather continues favorable for such work. It is estimated that fully 80 per cent. of the weed is already in the barn. The process of "firing" is now in full blast and much of the early cutting has already been cured.

### CRITICALLY ILL.

Mrs. Sarah A. Goode Not Expected to Live.

Mrs. Sarah A. Goode, who has been sick at her home, the Gooch House, for two weeks, is now dangerously ill and her death is momentarily expected. She is suffering from inflammation of the stomach and bowels. Her daughter, Mrs. John Ryan, of Decatur, Ala., is at her bedside and Rev. James Goeth of Illinois, is expected to arrive to-day.

### Chicago Grain Market.

Chicago, Sept. 30.—Sept. wheat opened at 68½, closed at 68½. Dec. wheat opened at 70½, closed at 70½. May wheat opened at 73½, closed at 73½. Dec. corn opened at 56½, closed at 56½. May corn opened at 58½, closed at 58½. Dec. oats opened at 35½, closed at 35½. May oats opened at 37½, closed at 37½.

The trial of Caleb Powers will be called at Georgetown Oct. 8 and both sides will be ready.

Jack Haverly, the noted minstrel man, died at St. Louis last week.

## FESSED UP

And Paid Fines In Those Gambling Cases.

Resume of Court News Since Thursday—Indictments Returned—Fines Assessed.

Last week was a busy one in Circuit Court and a number of cases were disposed of. On Saturday the grand jury brought in a batch of indictments. They are as follows: Reuben Haynes, willful murder. Thomas Arnold, accessory after fact to murder. Hughley Wagner, grand larceny. William Mackey, name. Tom Masahan and James Graves, assault. Mat Kelly and Tom Davis, S. L. M., two cases.

An order was made by the Court allowing the grand jury to extend its session beyond the six days allowed by law, as there are other important matters before the body for investigation.

Since the KENTUCKIAN's last report of court proceeding the following cases have been passed up.

P. J. Breshin, selling cigarette, material to minor. \$10. Six other indictments against same party dismissed.

Henry Campbell, carrying a concealed deadly weapon, \$25 and ten days in jail.

Alex Gray, trespass, verdict of not guilty.

Walter Hampton, murder, verdict of not guilty returned under peremptory instructions to acquit.

Hampton, a colored boy about twelve years old, killed Rudolph Lillebrew, another colored boy, near Bennettsville, last June. Hampton was arrested about two months ago and had since been confined in jail.

The jury in the case of Morton McKnight, indicted for house-breaking, found the defendant not guilty as charged, but guilty of petit larceny and fixed his punishment at 90 days in the work house.

The case of Willie Nance, charged with attempted rape, was continued until the next term.

In the gambling cases, known as the Asylum cases, all of the parties indicted, with one or two exceptions whose cases have not been settled yet, confessed judgement in one case each and fines were assessed aggregating \$31.25 in each case. Where the same parties were indicted more than once, the other indictments were dismissed marked "compromised." Other gambling cases in the city were disposed of the same way.

### WILD ABOLISH THREE.

Recommendation That Post Offices at Church Hill, Beverly, and the Square be Discontinued.

Postal Agent H. G. Rising in his report on the Rural Free Delivery routes to be established recommends that the post-offices at Church Hill, Beverly and The Square be discontinued.

At least two of these offices are very important ones and their abolition would in all probability work a hardship on many patrons served by them, who would not be on the direct routes of the new system. The matter has been referred to Congressman H. D. Allen and if the people concerned do not want their offices abolished, it would be well for them to write at once to Mr. Allen at Morgantown, Ky., and make protests before it is too late.

## SEE THAT HUMP

THE DEMOCRATIC FUSION TICKET IS GETTING ON ITSELF.

Bright Prospects of Redeeming Christian County From Ring Rule and Boodleism.

The people are rallying to the support of the Democratic Fusion ticket in a way that is causing a fever of apprehension among the candidates on the Ring ticket. Public sentiment as shown in the crowds at court last week is setting strongly towards the fusion ticket. Every man on the ticket is conceded to be reputable, capable and clean. This gives it a big advantage over the Ring ticket to start with, as the air is full of fresh rumors about the unfitness of some of the boodle crowd.

The terror-stricken gang are no longer regarding the fusion movement as a huge joke. They realize that they are up against an actual condition and already in politics up to their necks, and the fusionists are multiplying like grasshoppers in a Kansas wheat field. Well informed politicians of both parties are now freely predicting the election of the entire fusion ticket and the Democratic State Committee has placed Christian in its list of doubtful counties.

If the Ring does not now realize it, it will before many days that defeat is staring the whole gang in the face. The Republicans who are supporting the fusion ticket represent the most influential men in nearly every precinct in the county. They confidently expect to poll 1,500 Republican votes for the fusion ticket. The Democrats almost to a man will vote it from top to bottom. The gold Democrats will do their part in having a house-cleaning under the town clock and fusion clubs made up exclusively of colored voters are being formed in every southern precinct. It is no longer a disaffection over the corruption of Feb. 9, but a revolution in the Republican party. We are going to see a heavy vote polled, at least 7,000, and from present indications 4,000 of the votes will be against the "combine" that auctioned off the county offices last February—as they thought, Judge Winfree is bringing much strength

PROF. JAMES M. CALVIN, Nominer for Superintendent of Schools.

to the ticket from all parties. He has served the people as county judge before and is held in high esteem by all who know him. He is now actively at work making votes for the whole ticket. Lucien P'Pool is developing surprising strength and his race bids fair to be a winning one. His opponent during the long term of years has lived off the public treasury has lost much of his former popularity and is now conceded to be one of the weakest men on the Ring ticket. P'Pool is liable to lead the ticket. George Croft, the Republican on the ticket for sheriff, is canvassing for the whole ticket and is making a fine impression wherever he goes. Dave Smith is also a fine campaigner and is going into every

Antioch Couple Will Be Married Tomorrow Evening.

Mr. Charles Lindsay, son of Mr. Hilliard Lindsay, of the Antioch neighborhood, and Miss Etta DORITY, the pretty daughter of Mr. J. W. DORITY, of the same vicinity, will be united in marriage tomorrow evening at 7 o'clock. The happy event will take place in Antioch church. Immediately after the ceremony the bridal party will repair to the home of the groom's parents, where a reception will be held.

### Will Bore A Well.

The Consumers' Ice & Coal Co., has taken an option on the Welch lot on the L. & N. road, between Fourth and Fifth Streets and will bore for water at once. Contracts for machinery will be made to-day,

part of the county, and is bringing back nothing but good reports.

Prof. Calvin spent Friday evening and Saturday in town and many Republicans bunted him up to proffer their support. He is a handsome, intelligent and well equipped young man and mixes well with the people. In fact all of the nominees are doing good work and the ticket as a whole is the most formidable that the dominant party in the county has confronted since 1890.

Keep your eye on the fusion ticket and watch it hump itself during the next five weeks.

The L. & N. R. Co. will sell round-trip tickets to Louisville at one fare, Oct. 21st, and 22nd, final limit Oct. 24th, account of Confederate Reunion. C. E. MILLER, Agt.

erary journals, will be admitted to

tion has been admitted to the second  
class the certificate cannot be re-

Vote.

tration in Hopkinsville. The four  
polls in the city will be open from 8  
a. m. to 9 p. m. and all qualified  
voters who fail to register will lose  
their votes in November, unless pre-

been in the state one year, the  
county six months and the precinct  
since Sept. 5, 1901. Exceptions are  
persons convicted of treason, felony

## Why Osteopathy is Popular.

It is a fact that the Osteopath in  
a few weeks or months obtains a  
standing with the best people in his  
community that it would take a  
physician years to acquire.

The reasons for this are many  
and obvious. In the first place,  
the theory of the science of osteo-  
pathy is a rational and common  
sense one. There is nothing vague,  
mysterious, or occult about it, but  
being based upon the laws of na-  
ture it commends itself to the un-  
prepared and thinking mind.

Another thing that tends to popu-  
larize it is the plain and reason-  
able system of charges usually  
adopted by the osteopath a system  
whereby the patient is enabled to  
tell approximately what it is going  
to cost him to regain his health.  
The treatment is undertaken with  
the knowledge that there will be  
no bill for medicine, extra visits,  
etc., at the final reckoning.

Almost everybody dislikes to take  
medicine. There is hardly an  
adult to be found who has not many  
times been depressed and sickened  
by heroic doses of drugs, and as the  
Irishman expressed it, "felt sick a  
long time after he got well." If  
osteopathy did nothing but abolish  
experimental doses of poisonous  
drugs and curtail the number of  
surgical operations, it would be  
worthy of the gratitude of countless  
sufferers.

And finally, osteopathy has loyal  
defenders and warm adherents  
among all classes because of re-  
sults attained by its practitioners.  
"Nothing succeeds like success."  
It is results that tell.

What the invalid wants is to get  
well. He is not so much interested  
in the name of the school of healing  
to which his doctor belongs as he is  
in the fact that he can do what he  
claims to do. It is by this standard  
that osteopathy asks to be judged.  
While the claim is not made for it  
that it is a cure-all or that it has  
eliminated death from the world,  
yet the fact remains that it has  
brought health and vigor to the  
body and cheer to the heart of many  
an invalid from whom all hope had  
vanished.

These are but a few of the reasons  
why Osteopathy has firm, loyal  
friends wherever it has been intro-  
duced by competent and conscien-  
tious Osteopaths. If you are sick  
and suffering try Osteopathy. If  
you desire the most profitable pro-  
fession try Osteopathy. For free

A Preacher With a Great Congregation.

One of the most widely known of the popular preachers of the day is Reverend Geo. H. Hepworth, whose parish embraces the great congregations of the Sunday Oratorio Record Herald, and the Sunday New York Herald. A simple religion is that of this eminent clerical writer who preaches every Sunday to a congregation vastly greater than any ever accommodated in any temple of worship. Downright earnestness and sincerity, and a spirit of the broadest tolerance characterize this famous newspaper preacher. Read his editorial sermons in the Sunday Record of THE CHICAGO RECORD HERALD and judge for yourself.

## The New Buffalo.

"A New Buffalo" is a musical farce comedy, constructed on new comedy lines, and is particularly adapted to the abilities of that clever comedy pair, Phil W. and Nettie Peters, and a company of carefully selected associates, who will be seen at Holland's Opera House on next Friday night, October 4th.

Mr. Peters and his charming wife have made a lifelong study of amusing the public, and is almost, in fact, an utter impossibility to avoid laughing at these clever comedians, and the opportunities which are given them in "A New Buffalo" are in great abundance. Mr. Peters does not depend entirely upon his own abilities to please, however as he has surrounded himself with an exceptionally strong company, including a band and orchestra of accomplished musicians. The band and entire company will make a most pleasing parade at noon on the date above named, which should be seen by everyone, and all persons who do not want to laugh will find an interesting program of music between the acts at night.

Dr. H. C. Beasley, of near Julien, has gone to New York City, where he will take a special course in the treatment of the eye, ear and nose.

to water but you can't make him drink.

You can't make him eat either. You can stuff food into a thin man's stomach but that doesn't make him use it.

Scott's Emulsion can make him use it. How? By making him hungry, of course. Scott's Emulsion makes a thin body hungry all over. Though a thin body was naturally hungry didn't you? Well it isn't. A thin body is asleep—not working—gone on a strike. It doesn't try to use its food.

Scott's Emulsion wakes it up—puts it to work again making new flesh. That's the way to get fat.

## WEST CHRISTIAN.

Information From Hawkins and Bainbridge.

Hawkins, Ky., Sept. 26.—The farmers are greatly rejoiced over the fact that Jack Frost did no harm in this vicinity.

Cutting tobacco is the order of the day, there being already about one-half of the crops housed.

The Sunday School at Mitchell's School House is progressing nicely, though with the officers they have nothing else could be expected. Ravid Reese is superintendent, J. B. Hopson assistant superintendent, Caleb Williams secretary, Tom Ladd teacher, and Dick Reese to lead singing.

The preaching at J. L. P'Pool's last Sunday night was largely attended. I believe there is preaching there every Sunday evening.

Mr. J. A. Petty, of Carmel Ridge, is visiting relatives east of Hopkinsville.

Miss Mollie Petty, who has been visiting relatives at Blackford, has returned home.

Mr. Stephen Camplin, who has been very sick for some time, is still very low.

Mr. Martin Brown joined the prevaricators' club at Hawkins last Saturday week and bids fair to become one of its most prominent members, as he has produced some of the most extraordinary yarns yet heard.

The following is a one of his manufacture: He says on one of his hunting expeditions he caught three opossums, two coons, seven foxes and two flying squirrels, all up one sapling he cut it down and killed them all with only one dog to help, and he saved them all but one opossum, which was too poor. He stripped all the hair off his tail and turned him loose and says if any one finds such a one please return same.

I noticed in the Messenger a letter written by the Hon. J. W. Morgan in regard to a child's mind and school books. I wish to say that I heartily endorse all that he said in regard to the number of studies and the adoption of books by the State, but it seems to me that Mr. Morgan is just a little too late seeing what we need. If he could have seen these things when he had the honor of representing the grand old county of Christian, or even seen it in time to have told our present representative, they might have benefited us. But on their side of the house has failed, we must now look to the Hon. Frank H. Hasset, who is competent and willing to give to Christian county her desires and needs.

ALWAYS READY.

The Century for October covers an unusual range of topics and appeals to a variety of tastes, and yet the topics are so well chosen that the reader will find each article attractive. The leading paper, a descriptive and anecdotal discussion of "The Practice of the Law in New York," is by Judge Henry C. Howard, and is accompanied by portraits of the noted lawyers and Judges of the State. Within the narrow compass of a magazine article Judge Howard has given a comprehensive and entertaining view of the legal profession in the business center of the New World. A still newer world is treated in the following account of "The Men of New Japan"—the creators of the new power that has already made itself a determining factor in Eastern politics. The latter world miracle that has created the men of the Rising Sun is not to be comprehended without personal knowledge of these amazing statesmen of Japan, and their side glances at our Western civilization are most enlightening. No more sensational romances than the lives of these reformers need be sought by the most ardent reader.

## ONCE LIVED HERE.

Well Known Young Man Dies at Russellville.

Leonard Page, who was at one time a resident of this city, in the employ of the Cumberland Telephone and Telegraph Company, died in Russellville last Thursday night. He was 23 years old and a son of Mr. D. J. Page, of Russellville, formerly of Ekinton. He was taken with throat trouble the first of last week, which became complicated with his heart, causing his death in a few days.

## PERSONAL GOSSIP.

Mrs. T. R. Hancock has returned from a visit to friends in Clarksville.

Dr. E. N. Fruit attended the Methodist Conference in Bowling Green last week.

Mrs. Geo. H. Taylor will leave to-night for Kansas City to visit relatives.

Mr. G. H. Stowe and wife, of Julien, have returned from Buffalo, Toronto and other Northern cities.

Mrs. A. J. Brewer and children, Jack and Beatie, of Guthrie, Ky., are the guests of Mr. Edgar Bradshaw and family.

Mr. Clyde Williams, who has been visiting the family of Mr. Geo. H. Taylor for ten days, will leave to-night for his home in Kansas City, Mo.

Mrs. D. Fraukel and daughter, Miss Sadie, have returned from a visit to Mrs. M. J. Hartfield, at Henderson.

Mr. George Wallace and wife, of Paducah, spent Sunday with their son, who is a pupil at South Kentucky college. Mr. Wallace is President of the Paducah Electric Light and Street Railway company and one of the owners of the Richards and Beaumont Oil Fields.

## Osteopathy As a Profession.

Miss Ella Gardner, Cumberland Presbyterian missionary in Japan, says: "Osteopathy has done so much for me that were I choosing a secular vocation for a life work I certainly choose it; and were it not for the time and money required to acquire the knowledge I would like to have it as a help in my work in the mission field."

The practitioner of Osteopathy finds himself in possession of skill that the world is demanding, and he possesses and for several years will continue to possess, a natural monopoly of this skill. The unique cures in diseases hitherto unsuccessfully treated, and at the same time cures with equal success in diseases curable by other methods, together with the scarcity of men and women possessing the new power of healing, causes Osteopathy to rank first among the professions in respect to pecuniary remuneration.

In point of honor and honorableness, Osteopathy ranks co-equal with the other intellectual professions. From all the above causes Osteopathy is rapidly by the constant addition to the ranks of men and women from every walk of life, and especially from the ranks of college men and women. To these Osteopathy offers, a wide-open door.

Send for catalogue and investigate Osteopathy.

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine. It is the great medicinal triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is cheerfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how it cures kidney, liver and bladder trouble. When writing mention reading this generous offer in this paper and your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty-cent dollar sizes are sold by all good druggists.

## DEDICATED.

The New Building of Bethel Baptist Church.

Big Day at Fairview Sunday at the Dedication—Dinner on the Ground.

The new building of the Bethel Baptist church at Fairview, erected on the spot where Jefferson Davis was born, was dedicated Sunday in the presence of a great concourse of people. After devotional exercises and a program of music the dedicatory service was delivered at 11 o'clock by the Rev. Dr. E. C. Dargan, of Louisville. Then followed the dedication proper, conducted by Dr. Dargan, the Rev. J. A. Hensett, the pastor, and the Rev. W. H. Vaughan.

Dinner was served on the grounds, and in the afternoon further services took place in the church.

The new building is an exact reproduction of the one struck by lightning and totally destroyed August 23, 1900. The first church was built on the site of the log cabin in which the President of the Confederacy was born. After the Davises moved to Mississippi the place changed ownership many times, and was bought in 1885 by a number of Confederate veterans and presented to Mr. Davis, who immediately gave it to the Bethel congregation. He was present, November 21, 1886, at the dedication of the church built on the historic site, and delivered an address. A marble tablet recording the date of Mr. Davis' birth and the presentation of the lot to the Bethel church was saved when the building was burned, and has been replaced in the new building.

The church is a handsome brick edifice of Gothic style.

## ASTHMA QUICKLY RELIEVED.

Dr. R. Schiffman Astounds the Public With the Success of His Treatment.

Residents of this place were astonished by notifications in these columns last week that the celebrated physician, Dr. Rudolph Schiffman, would make public test of his remedy in this city. He invited every man, woman and child, suffering with Asthma, to call at R. C. Hardwick's Drug Store and obtain, absolutely free, a trial box of his medicine. Dr. Schiffman adopted this novel way of introducing his treatment believing that a free personal test would be the best and only way to overcome the prejudice and scepticism of thousands of asthmatics who had given up in despair after going through the whole range of so-called cures. He has in this manner proved the efficacy of his remedy, and without asking the public to spend a penny, Dr. Schiffman hopes that every sufferer in this town obtained one of his free samples. He fears, however, that there were some few who did not, before they were all given out. In order to give a fair opportunity to those who have not yet used the remedy, and also as a guarantee of good faith, he has now requested this paper to announce that he has arranged with the above druggist to refund the money to any person who purchases of them either a 50c or \$1.00 package of Schiffman's Asthma Cure between now and October 25th, and finds that it does not do exactly as is claimed for it; the only condition being that they return not less than three-fourths of the package to them. Dr. Schiffman claims that in every case of true asthma his remedy will give immediate relief—usually within fifteen seconds; always within a few minutes. It has positively permanently cured thousands of cases which were considered incurable.

## COLD WAVES

Preceded by Rain, Hail and Snow During the Month of October.

Heavy Autumnal Storms and High Northwesterly Gales Predicted for Mars Period.

Rev. I. R. Hicks, in his October forecasts, says:

A Mars period of disturbance central any time in October is sufficient cause for apprehending heavy autumnal storms. Such a period is central on October 2nd, extending beyond the middle of the month. Between the 2nd and the 6th, these conditions will grow into cloudiness, and rain and snow will touch many parts of the country.

From 8th to 10th there will be a return of stormy conditions, with rain and some snow to the North.

Look for change to rising barometer and colder after the storm central on the 9th. Storms of rain and snow will pass across the country about the 14th to the 17th. Snow and sleet are more than probable in Northern sections, with high northwesterly gales and an October cold wave. October rains, fringed in the north by sleet and snow, will traverse the country from west to east during the 20th to 22nd. Some of the heaviest storms of the month may certainly be counted on during the Vulcan storm period central on the 26th. About this time there will be considerable rain, followed by a cold wave.

Evansville and Return, Sunday, Oct. 6th, 12.25.

## Why Osteopathy is Popular.

It is a fact that the Osteopath in  
a few weeks or months obtains a  
standing with the best people in his  
community that it would take a  
physician years to acquire.

The reasons for this are many  
and obvious. In the first place,  
the theory of the science of osteo-  
pathy is a rational and common  
sense one. There is nothing vague,  
mysterious, or occult about it, but  
being based upon the laws of na-  
ture it commends itself to the un-  
prepared and thinking mind.

Another thing that tends to popu-  
larize it is the plain and reason-  
able system of charges usually  
adopted by the osteopath a system  
whereby the patient is enabled to  
tell approximately what it is going  
to cost him to regain his health.  
The treatment is undertaken with  
the knowledge that there will be  
no bill for medicine, extra visits,  
etc., at the final reckoning.

Almost everybody dislikes to take  
medicine. There is hardly an  
adult to be found who has not many  
times been depressed and sickened  
by heroic doses of drugs, and as the  
Irishman expressed it, "felt sick a  
long time after he got well." If  
osteopathy did nothing but abolish  
experimental doses of poisonous  
drugs and curtail the number of  
surgical operations, it would be  
worthy of the gratitude of countless  
sufferers.

And finally, osteopathy has loyal  
defenders and warm adherents  
among all classes because of re-  
sults attained by its practitioners.  
"Nothing succeeds like success."  
It is results that tell.

What the invalid wants is to get  
well. He is not so much interested  
in the name of the school of healing  
to which his doctor belongs as he is  
in the fact that he can do what he  
claims to do. It is by this standard  
that osteopathy asks to be judged.  
While the claim is not made for it  
that it is a cure-all or that it has  
eliminated death from the world,  
yet the fact remains that it has  
brought health and vigor to the  
body and cheer to the heart of many  
an invalid from whom all hope had  
vanished.

These are but a few of the reasons  
why Osteopathy has firm, loyal  
friends wherever it has been intro-  
duced by competent and conscien-  
tious Osteopaths. If you are sick  
and suffering try Osteopathy. If  
you desire the most profitable pro-  
fession try Osteopathy. For free

attention of those interested is  
called to same.

of Clarksville in which some of this  
establishment's best work has not  
been placed.

Mr. Hodgson has just returned  
from the East, where he thoroughly

new and up-to-date designs in monu-

of pointers along this line.
